**A WORD OR TWO FROM THE TREASURER**

At the last committee meeting I proposed that membership fees for the forthcoming year 2005/2006 remain UNCHANGED, and at 2004/2005 levels. This proposal has been accepted and there will be no increase in fees this year. My reason for that proposal was that this club continues to be in a very strong financial position due primarily to the success of both Sandown and Phillip Island, and I feel that all members should benefit from those successes. Members will no doubt be aware that this club would not survive on members' subscriptions alone and that our "Major" events need to be successful for membership fees to remain at such a low level. I must also say that the major events continue to be successful because of the exceptional work of the respective "Sandown" and "Phillip Island" committee persons, and the leadership of their respective "Chairpersons". The club is truly indebted to all those involved in making both of these events so successful. All members must continue to support these events with their entries!

**In August we will have our AGM. No doubt some current committee people would love to step down, so if you are at all interested in being part of the committee please put your hand up.**

Speak to Ian Tate or Noel Robson or anyone else on the current committee and let us know that you are available. It is not all hard work, and the people are really nice!!. We all have a common interest in old cars!
